OUR PEOPLE AND EXPERIENCE
For more than 30 years, Jamex has been designing, manufacturing and supporting vending/cost recovery solutions that connect with printers and copiers. Our people collectively have hundreds of years of experience, we will work with you on the phone to help configure the best vending solution for your printer and copier opportunities. Our website offers an extensive equipment selector guide that shows printer and copier models by manufacturer, along with the appropriate Jamex solutions. Whether it is cables, connectors, or software integrations, the people at Jamex have the experience to help you get it right for each facility.

PRODUCTS IN STOCK
We offer flexible system configurations - cash (bill & coin or coin-only), Copy Card (stored-value card), credit card, account-based network devices, as well as customizable mounting options and accessories.

Jamex has an extensive on-hand inventory of products, including over 2,600 copier interface solutions. The vast majority of orders ship within 48 hours.

SUPERIOR TECH SUPPORT
Two-Year Warranty - We guarantee our products to be free from defects in workmanship and materials for a full two years from the date of purchase. During this period, Jamex, at its discretion, will replace or repair those parts needed to restore the machine to specification.

Our expert technical staff will work with your technicians by telephone to answer any questions or solve any problems you have with Jamex products for the life of the product. Secure, remote access tools also allow us to troubleshoot issues or help with software installations for many Jamex models.
Choosing the Right Jamex Solution

What device do you want to control?

- **Printer**
  - Computer Output

- **Multifunction**
  - Photocopies & Computer Output

- **Copier**
  - “Off the Glass” Photocopies

Is there currently print management software in place?

- **No**
- **Yes**

Verify device compatibility by calling Jamex

Complete the Print Site Survey*

In libraries, universities, retail shops, courthouses, and county clerk offices, Jamex products work for one-time users, returning patrons, and high-volume customers.

Call us today to see how a Jamex payment solution can generate revenue for your market opportunity!

LIBRARIES
Choose from a variety of flexible payment methods to provide top-notch service for your patrons.

EDUCATIONAL INSTITUTIONS
Balance tight budgets and reduce resource waste with our print management products.

PROFESSIONAL OFFICES
Differentiate copier use among users with our account-based tracking products.

RETAIL SHOPS
Customize Jamex stored-value cards to send in mailers or give as rewards to loyal customers.

GOVERNMENT ORGANIZATIONS
Minimize staff involvement and improve operational efficiency to recover the cost of providing copy/print services.

COMMUNITY CENTERS
Self-service solutions for cost recovery for print and copy services, especially where government records are available for public access.
Network connectivity provides enhanced fleet management and offers the ultimate functionality for payment control of digital or analog copiers, printers, and computers.

**MODEL 9557**

- Provides self-service access control to your photocopier
- Network enabled for in-place firmware updates and MFP reconfiguration
- Accepts any combination of nickels, dimes, quarters, dollar coins and gives change
- Takes $1, $5, $10, and $20 bills
- Includes bypass key for service/staff copies with enhanced features of time or value limits for no-charge use
- 2-line display shows instructions, credit balance, and reconciliation data
- Adapts for most major currencies with optional international coin and bill acceptors
- Quick configuration service modes (USB-C SV file configuration for fleet)
- USB and HDMI expansion ports
- Network enabled allows for remote support session, sharing of configuration profiles and in-place firmware updates

Dimensions: 17.25” x 31.5” x 10” | Shipping Weight: 60 lbs.

**MODEL 9552**

- Provides self-service access control to your photocopier
- Accepts any combination of nickels, dimes, quarters, dollar coins and gives change
- Includes bypass key for service/staff copies with enhanced features of time or value limits for no-charge use
- 2-line display shows instructions, credit balance, and reconciliation data
- Adapts for most major currencies with optional international coin acceptors
- Upgrades easily to add bill or card acceptance

Dimensions: 17.25” x 31.5” x 10” | Shipping Weight: 60 lbs.

**OPTIONS**

- High capacity coin changer
- Multiple mounting options
- Model 7800 internal card reader
- NetPad Touch compatible
- Extended warranty
- Jamex Software Suite Administrator (meter and event activity email reporting)

**9550 SERIES SUPPORT**

- Unmatched two-year warranty
- Toll-free technical support
- Warranty parts ship overnight, no charge
Computer vended solutions use the Jamex Payment Controller Interface (JPC) to accept cash or credit card to pay for prints, copies, fines, fees, or adding value to accounts. Network enabled solutions simplify reporting and fleet management.

9557 JPC

- Allows charging for printer output from network computers

Choose high-quality print management solutions with outstanding support from Jamex.

**LPT: One Print Cost Management and Cost Recovery**
- Guides users through the full print process, including payment, with little or no staff involvement
- Server independent. LPT:One does not require server-grade hardware or operating systems
- Temporary print clients for use on visitor laptops
- EnvisionWare Suite provides seamless control of public library computing

**PC Reservation Computer Management**

**Copy Card Administration Software**
- Interfaces with the Model 7114 stored-value card reader
- Adds, deducts, or sets value on cards using a point-and-click interface
- Accepts Jamex stored-value cards to pay for other services
- Tracks transactions by multiple staff, amount, type, or date
- Exports data easily into any spreadsheet or database application
Remote Access Copier Control Solution

Control and monitor copier use remotely and cost-effectively. The True-Count™ is a sturdy, compact device that allows staff to enable/disable a copier and monitor copy quantities from the sales counter.

TRUE-COUNT

• Provides remote access control of MFP for sales staff
• Enables/disables copier remotely with a button on the front panel of the True-Count
• Shows the number of copies made on an easy-to-read multi-line display
• Recognizes up to four designated copy types
• Receives power from PC via USB or included outlet adapter
• Includes a 25’ extension cable
• Occupies minimal countertop space

Dimensions: 5” x 4.75” x 2.5” | Shipping weight: 3 lbs.

OPTIONS

• Additional cable lengths up to 100’
• Extended warranty

SUPPORT

• Unmatched two-year warranty
• Toll-free technical support
• Warranty parts ship overnight, no charge

“Jamex vending hardware works really well with our print management software. Customer service and tech support is always very helpful and timely.”

-Anna A., Jamex Software Partner, Addison, TX
Accessories and Supplies

Customize and maintain your payment system by selecting from a full range of options.

MODEL 7800 INTERNAL CARD READER
• Upgrades cash payment solutions to accept Copy Cards
• Allows Copy Card vs. cash pricing on 6500 Series payment systems
• Adds cash value to cards on 6500 Series payment systems or 8200 Series self-service card dispensers and revalue stations

CLEANING CARDS
• Maintain any Jamex card reader without dismantling
• Remove heavy dirt caused by pollution and continuous use
• Arrive sealed with the correct pre-measured amount of cleaning solution

COPY CARDS/STORED-VALUE CARDS
• Use with Jamex card readers to reduce or eliminate the need for cash
• Maintain high security with site-specific magnetic stripe coding
• Rugged poly material cards are thin, flexible, and durable
• Arrive formatted with security codes and value
• Available in multiple colors, logo/graphics can be customized
Mounting Options

Enhance the security and convenience of payment systems. Multiple mounting options allow for optimal placement and increased use of your Jamex systems.

MODEL CS-1 MOUNTING STAND

- Supports 6500 Series cash payment systems
- Secures access to paper trays and service panels with a locking door
- Provides patrons with an adjustable work surface (shown to dramatically increase copy volume)
- Ideal for front load copiers with dimensions not larger than 26” deep and 29” wide

Dimensions: 29” x 25” x 34–39” | Shipping Weight, Two Cartons: 51 & 40 lbs.

PD SERIES PEDESTAL

- Supports NetPad Touch and 7112 or 7114 Series card readers
- Free up desk space

Dimensions: 24” x 24” x 34” | Shipping Weight: 20 lbs.

FREE-STANDING BASE

- Provides stability for the 6500 Series payment solutions
- Arrives attached when ordered with a 6500 Series payment system

Dimensions: 17.25” x 10” x 3.5” | Shipping Weight: 6 lbs.
Jamex provides an unmatched two-year warranty for all of its products from the date of purchase.

We guarantee our products to be free from defects in workmanship and materials. During this warranty period, at our discretion, we will replace or repair parts needed to restore the machine to specification.

With Jamex’s extended warranty, choose the coverage period that’s right for you.

EXTENDED WARRANTY BENEFITS
• Maintains the same comprehensive support as the two-year warranty
• Extends your warranty to match the lease period of your MFP.

Contact Jamex or your local Jamex reseller to order payment solutions for copiers, printers, and computers.
